Directions

From the South

- Take the M11 heading to Cambridge and continue on the A11 to Norwich.
- Once past Norwich head for North Walsham on the B1150.
- When you get to North Walsham turn left onto the by-pass and follow the signs to Mundesley straight on.
- After four miles there will be a road on your left signposted to village centre.
- Take this road and then immediately turn right.
- As you come into the village follow the one-way system round to the left down Back Street.
- You will come to a T-junction next to Mundesley Gallery, get in right hand lane and turn right.
- You will then come to a T-junction opposite the pharmacy.
- Victoria Road is opposite, between the Post Office and Pharmacy. You can drive down and unload the car at the front of the cottage and then go to park, or go straight to the parking space at the back of the cottage.
- If you are going to park turn right at the T-junction.
- A matter of yards on your left, opposite Rock Papers Scissors Barber Shop is Russell Terrace, a narrow walled road.
- Take this road and then take the next left down another narrow lane which winds round to the right.
- Carry on until you find the parking space for No.24, Stones Throw Cottage. It is clearly signposted on the garden gate.
- For security reasons the key safe is outside the front door on Victoria Road.
- Simply walk to the far end of the drive towards Coastguard Cottages (row of 4 white cottages) and take the path to the left.
- This will then bring you out on to the bottom of Victoria Road, where you can walk up and open the front door via the key safe.
- The back door keys are on a hook on boiler cupboard by back door.
- Garden light switch is at end of kitchen wall.

From the North

- Exit the M1 at junction 32 onto the M18 heading for Hull.
- At junction 2 take the exit for the A1 (you are on here for 25 miles).
- Then take the A46 / A17 exit (60 miles).
- Follow signs for Cromer, then Mundesley.
- The road will take you along the coast.
- As you go through Mundesley you will see the Church on the left hand side.
- Turn right at the Church and carry on in to the village until you are at the T-junction opposite the Pharmacy.

Check-in & Check-out

Check in is from 3pm onwards and check out by 10am on day of departure, unless agreed otherwise.

Parking

- PLEASE NOTE THAT IF YOU USE THE POSTCODE ON GOOGLE MAPS OR SAT NAV THIS WILL TAKE YOU DIRECTLY TO THE FRONT DOOR ON VICTORIA ROAD RATHER THAN THE PARKING SPACE WHICH IS AT THE REAR OF THE PROPERTY. THE DIRECTIONS WE'VE PROVIDED VIA RUSSELL TERRACE WILL TAKE YOU TO THE CAR PARKING SPACE.
- We have parking for one car at the rear of the cottage. The space can be tight depending on size of car, but it is manageable with a bit of manoeuvring.
- A handy tip if you are unable to turn around in the space is to drive straight in and park, then when leaving reverse back to the end of the drive where it is possible to do a 3 point turn quite easily.
- During the high season parking at the front of the house can become difficult so it's recommended to use the rear.
- If you do park at the front of the cottage, mount the pavement as close to the house as possible on our side of the road. Be aware not to obstruct neighbours doorways.
- Further free parking can be found in the village (on the roadside up the hill past Jupe is best) or pay and display car park on the seafront (and gold park in the summer) nearby. Weekly parking tickets are available for £27.50.
- **When leaving the cottage parking space via Russell Terrace onto the High Street you can only turn left as the High Street is only one way from the Greengrocers onwards.**

Access/Key Safe

- The key safe is by the front door, combination to be given before your arrival or call Kate on 07786 374088.
- If you arrive at night it is advisable to bring a torch to view the digits as there is very little street light.

**PLEASE NOTE THAT SMOKING OF ANY KIND IS NOT PERMITTED IN THE HOUSE INCLUDING VAPING
TEA LIGHTS AND CANDLES ARE ALSO NOT PERMITTED DUE TO FIRE RISK**

Underfloor Heating

- Turn on switch in kitchen located by bathroom door to operate and use the thermostat to regulate temperature. It doesn't get too warm underfoot but takes the chill off the slate.
- In the winter the floor can be cold particularly in the mornings, so it may be a good idea to bring some slippers.

Central Heating

- The heating is set on constant.
- Simply use the wireless thermostat (small free standing white box with temperature dial located next to TV in lounge) to control the temperature you require.
- If at any time you wish to change the temperature you can use the thermostat by turning the dial up or down to the temperature you require.
- The thermostat will regulate to the temperature in the room where the thermostat is located.
 - For example, should you wish for the heating to be turned off during the night but come on in the morning, just take the thermostat to bed and turn the dial down and then turn the dial up in the morning when you wake.

Hot Water

- Hot water is heated by the boiler as and when needed.

Wet Room

- **PLEASE do not put anything other than toilet paper down the toilet as anything else can lead to blockages and potential issues for your stay and future guests. This includes cotton wool, baby wipes, cleansing wipes, sanitary products and nappies. There is a bin and nappy and sanitary bags are provided. I cannot express how important this is – the drains are very old and narrow and can easily block, which may impact your stay should this happen.**
- When using the shower please make sure to turn on the extractor fan, by pulling the cord in the corner by the sink.
- Bath towels, hand towels and bath mat are provided. **Please do not take these to the beach.** If you are going to the beach please bring your own beach towels. Thank you.
- Two toilet rolls are provided.

Kitchen

- A supply of tea, coffee and sugar is provided, plus a pint of milk in the fridge on arrival. A few other kitchen supplies are stored in the pantry such as local olive oil, vinegar, salt and pepper, etc.
- Tea towels, sponge & cleaning cloth, washing up liquid & hand soap are all provided.
- Nespresso machine – we supply a few capsules to get you started but please be aware that the local Mundesley stores do not currently stock Nespresso refills, therefore if you plan to use this a lot or like a specific brand it would be a good idea to bring some or purchase from the bigger supermarkets in North Walsham/Cromer.
- Back door key is on hook on boiler cupboard.
- Gas hob, oven & grill. You will need to turn and hold down the knobs for a few seconds and press ignite button to light. Make sure switched is on at the wall socket.
- The extractor fan switch is above fridge.
- Microwave is in left pantry cupboard.
- There is a washing machine, please note we do not provide detergent, etc.
- Fuse box above kitchen/lounge door.
- Cool bag, picnic rug, flask & mugs for picnics are all in pantry cupboards.
- A torch, matches, spare lightbulbs, spare batteries for tv remote & matches are in left pantry cupboard.
- Stored under the sink;

- Ash disposal bucket is stored in left pantry cupboard.

Bedrooms

- Front bedroom has a walk in wardrobe with shelves and hanging space.
- Other two bedrooms have pegs with hangers around the room and cupboard space.

- **Bed linen is not supplied for the travel cot.**
- Stair gates are under the bed in middle bedroom, unless we have installed for you.
- There is a some spare bedding in the middle bedroom cupboard, just in case of any accidents.
- We also have a baby monitor, bed guard and changing mat, so no need to bring those!
- Children's toys are stored under the single bed and baby toy box is in front bedroom wardrobe.

Garden

- Garden festoon lights switch is on the wall in kitchen.
- Retractable washing line. Hook line underneath to tighten. Pegs are under the sink.
- Chiminea - please take care when using. There are gloves in the lounge cupboard left hand side.
- Charcoal BBQ, tools, some beach toys and windbreak are stored in shed.
- We also have provided a very handy beach trolley to help transport bags etc to the beach. Please take care when using and do not overload. Although it is great fun please do not transport children in it as it will not hold the weight!
- The bbq should be used away from the cottage to minimise fire risk. Please clean after use.

AFTER A DAY AT THE BEACH PLEASE BRUSH OR WASH OFF AS MUCH SAND AS POSSIBLE BEFORE ENTERING THE HOUSE, PARTICULARLY THE BATHROOM AS A LOT OF SAND IS NOT GOOD FOR THE OLD DRAINS!

There are many chain restaurants in Norwich if you prefer such as The Ivy Brasserie, Cosy Club, Wagamamas, Cote Brasserie, Gourmet Burger Kitchen, Byron Burgers, Five Guys, Yo Sushi, Bills, etc.

Things to do and days out

Here are just a few suggestions for days out in and around Mundesley and Norfolk. It is impossible to list them all as there is such a wealth of activities and beautiful scenery, offering something for everyone.

You will find lots of leaflets in the basket in the lounge for more details and further ideas, or visit the Tourist Information office in the village. Or visit these websites visitnorfolk.com and tournorfolk.co.uk.

Mundesley

Mundesley has a brilliant children's park with zip wire, scooter/skate park, multi games area, cycle hire, crazy golf and a small amusement arcade. As you leave the cottage turn right out of the front door and walk to the end of the road. Take the path on the left on to Gold Park where you will find all of these.

Usually in early August, the entertaining, small, human Circus Ferrel is located on the park.

Mundesley promenade is lined with beach huts from April to October. Most are privately owned but some are operated by the local council and can be rented out weekly. During the school holidays they are £210 per week and outside of school holidays £80-£115 per week. If you would like more information please call North Norfolk District Council Property Services on 01263 516067.

Learn to surf or paddle board with Glide Surf School in summer holidays (full details further along in this handbook).

Cromer

Just ten miles along the coast you will find this Victorian seaside resort. There is a very good children's park, pitch and putt, skate park, crazy golf, plenty of amusements, great fish and chips, some small fairground rides on the promenade from spring onwards, and the wonderful Edwardian pier off which you can try crabbing. If you walk down the slope the fairground is to your right and left along the promenade there is a lovely little children's play area and cafe called Reef Stop.

North Lodge Park is located Mundesley side of Cromer and is a really nice open space on the cliff top. There's a good size children's model boating pond. You can also easily get to Whitewater cafe, Rocket Cafe and Henry Blogg museum from here.

There is also a cinema, The Regal Movieplex (cromer.merlincinemas.co.uk), NR27 9EQ showing the latest movies. The box office number is 01263 510151 or tickets can be booked online.

Cromer Pier's "End of the Pier Show" which takes place in the summer and at Christmas is the only pier show left in Europe! The variety show is an eclectic blend of great pop music, breath taking West End ballads, speciality acts and humour from top comedians. Booking is essential at cromerpier.co.uk or call the box office on 01263 512495. Cromers RNLI lifeboat is housed at the end of the pier where you can go in and take a look around.

Cromer Carnival takes place mid August. Lots of activities are run during carnival week and the two weeks prior to carnival week are "children's weeks" where activities are run daily on the pier, promenade and beach. On Thursday evening there is a brilliant free fireworks display off the pier. Get there early to find a parking space and a spot to enjoy the display as it gets extremely busy (cromercarnival.co.uk). Check their website for exact carnival dates. There is also a wonderful fireworks display on New Years Day at 5pm off the pier. No tickets required just donations via charity buckets.

If you fancy taking some surfing or paddle boarding lessons then try The Glide Surf School (glidesurfschool.co.uk). They run lessons from April to the end of October and can be found to the right hand side of the pier on the promenade. They also have a very good well stocked surf shop selling wetsuits, dry robes, body boards, beach shoes etc.

Other towns and villages

Aylsham and Holt are both thriving market towns with lots of great independent shops, cafes and restaurants.

North along the coast and past Cromer drive along to Sheringham, Cley next to Sea, Salthouse, Blakeney, Stiffkey, Morston, Wiveton, Wells, Holkham, Thornham, Titchwell and Brancaster. They are all fabulous places to stop and explore and all have great cafe's, independent shops, restaurants, delis and pubs. Travel inland to Burnham Market, famed to be the most expensive place to live in Norfolk! It is stunning, with lots of lovely places to eat and nice little shops.

South of Mundesley the coast is less developed but still the beaches are beautiful and there are plenty of places to stop for a bite to eat. Try Happisburgh, Sea Palling, Waxham, Horsey and Winterton. Past Winterton is the popular seaside town of Great Yarmouth. It is anything but quiet in the summer months but is good fun, has lots of rides for the children, donkey rides, a seal life centre, and wonderful old fashioned circus. (see things to do)

Swimming

Trimingham Leisure Club at Woodlands Holiday Park is the closest swimming pool to the cottage. You can pay to join for £25 and that includes 2 adults and unlimited children. When you join you can use the facilities that day without paying any extra. Any further visits can be paid for on a pay as you go basis. Great for a rainy day. The restaurant is great there too.

Victory Swimming Pool in North Walsham is not far. It is a large public swimming pool and at certain times a section of the pool's floor is raised for smaller children and in the holidays and weekends fun sessions are run where a large inflatable obstacle course is in the pool. They do operate lane swimming and children's swimming lessons so if you are intending to go check the website or give them a call first to ensure the pool is open to families and visitors. See www.placesforpeopleleisure.org/centres/victory-swim-and-fitness-centre or call 01692 409370.

North Norfolk Deep History Coast

www.visitnorfolk.co.uk/things-to-do/Deep-History-Coast

North Norfolk's Deep History Coast is the 22 mile stretch of coastline between Weybourne and Cart Gap (Happisburgh), which has revealed the most spectacular finds. Happisburgh is the oldest archaeological site in northern Europe and West Runton yielded the oldest and largest fossilised mammoth skeleton ever found in the UK.

A really exciting project to bring this all to life has just been completed, there are 11 points along the coast (including Mundesley) where you can learn more and get involved in fossil hunting. The Tourist Information office in Cromer hosts an exhibition space for the project and there is an app available which you can use in conjunction with the information points to see what life was like for families during this time in history.

Cycling

Norfolk is fantastic for cycling, there are plenty of quiet county lanes to explore and lots of cycle paths to enjoy.

The village now has its own bike shop offering cycle hire on half day, full day or weekend basis. Full details are in this handbook under the village shops section. Leaflets are also in the cottage with pricing, etc.

The Sustrans National Cycle Network (sustrans.org.uk) using old railway paths, forest tracks, country parks, bridleways, quiet minor roads and traffic-calmed streets in urban areas, passes through Norfolk and is designed to make cycling fun, safe and simple. The quieter paths, including the Marriott's Way (marriottsway.info), are a great place for children and new cyclists to practice their cycling skills and many are just the right length for a day ride.

If you'd like to experience some pure cycling, follow the ancient Peddars Way from the heather-carpeted heaths of the Brecks to the wild north Norfolk coast (nationaltrail.co.uk).

There are a few places where you can hire cycles from;

woodlandholidaypark.co.uk (01263 704459) is the closest to Mundesley
broadlandcyclehire.co.uk
norfolkcyclehire.co.uk

If you fancy learning to SUP but would rather do so on the river then there are a few options. Norfolk Outdoor Adventures on Hickling Broad is a beautiful spot on the broads. And finally if canoeing is your thing then there are a few options to choose from. Dilham Hall have recently opened up their farms private canal for you to use. There are just over two miles of unspoilt water ways to enjoy without any boats so very peaceful indeed and lots of wildlife to spot along the way. You can hire canoes and SUP's or also launch your own canoe or SUP for a small charge. For a full day out you can also take a walk around the farms private nature reserve "Broads Fen" which is the size of 68 football pitches! and even hire a fire pit. Visit dilhamhall.co.uk or visit their facebook page for further information.

ALWAYS follow guidance and stay a safe distance from the seals.

Birdwatching

visitnorfolk.co.uk/things-to-do/birdwatching

Norfolk has a large number of birdwatching sites, ranging from RSPB & Norfolk Wildlife Trust reserves with lots of facilities, to more low key general birdwatching areas where it is possible to get away from it all.

The Norfolk Wildlife Trust Visitor Centre, Cley Marshes (norfolkwildlifetrust.org.uk)

Recently named by Sir David Attenborough as one of the best places in the UK to see wildlife, NWT Cley Marshes is Norfolk Wildlife Trust's oldest and best known nature reserve. It was purchased in 1926 to be held 'in perpetuity as a bird breeding sanctuary'. It provided a blue print for nature conservation which has now been replicated across the UK. The water levels in the pools and reed beds are regulated to ensure they are ideal for the resident birds, and reed is harvested every year to keep the reed beds in good condition.

The shingle beach and saline lagoons, along with the grazing marsh and reed bed support large numbers of wintering and migrating wildfowl and waders, as well as bittern, marsh harrier and bearded tit.

There's an eco-friendly visitor centre containing a café, shop, viewing areas (including viewing from a camera on the reserve), a courtyard and viewing deck. The view from the visitor centre across the Marsh to the sea is breathtaking.
